Open House.

OPEN HOUSE

The Employees' Club stepped out with
a first April 24, when it invited em-
ployees to bring their friends and
relatives to an Open House on Sunday
afternoon between 2:30 and 5 o'clock.

Over 200 employees and guests took
advantage of the opportunity to visit
BC-BS. Thanks to the cooperation of
all employees, who took special care
to see that their desks were tidied up
before leaving Friday, it was an im-
pressive sight. Guests who had not
seen the inside of our building before
were visably impressed with our mod-
ern, efficient, and attractive facilities.

The IBM Department operated through
the afternoon in order to give visitors

an idea of the work accomplished by
this department.

The Coffee Shop was the center for
personal greetings and introductions
with more Club officials serving light
refreshments.

FRIENDS, RELATIVES VISIT OFFICE

Mel Snead shows his family some of the work that will be waiting for him Monday morning.

Bob Shoffner and his family stop for a minute by his desk for a family picture.

Julia White, Mail Room, shows her husband her desk.

Bertha Polster, Surgical Claims, and her husband were one of the first to sign the guest book. Club President Gene Parr looks on.

Telephone Poole's Marilyn Davis serves a small guest some punch.

Executive Director H. A. Schroder (center) chats with Pat Locke, IBM, and a friend of hers.

Beulah George, Records, her husband, and a friend of theirs stop by the Coffee Shop.

Betty Collins demonstrates her electric typewriter to her mother (seated) and a neighbor.

Helen Pollock (center) was on hand all afternoon to demonstrate some of the IBM Machines.

Helen LiBrandi, Card-a-Type, and her family relax in the Coffee Shop.

Frazier Sinclair, Stock Room, and his wife had their refreshments on the patio.

Barbara Daniels, Records, serves punch to Grace James, Billing, and her family.

Ena Gain, Surgical Claims, and her family enjoy the patio view.

"This is where I work," says Betty Pangle to her family.

Earl Abercrombie explains his IBM job to his parents.

Ann Corlew, Records, and her party watch the folding machine.

*their job is
to talk
all day!*

Susan Williams (left) and Marilyn Davis are two busy members of Telephone Poole.

Just like the headline says, talking all day is exactly what four ladies at BC-BS do!

They don't talk about the weather or how handsome the cowboy stars on TV are, but they answer questions for our subscribers. Evelyn Evans, Supervisor, who has been with Telephone Poole since it began six years ago, says the girls average about 90 calls a day from problemed people.

In-coming calls from subscribers, BC-BS groups, hospitals and doctors on any question pertaining to BC-BS are

directed to this department when the call is not for a specific person or department.

Personnel handling these calls receive from three to six months training and education before they are prepared to handle in-coming calls.

Mrs. Evans says that the switch-board operator, Eunice Turner, and the two receptionists, Marie E'Dalgo and Joyce Hardy play an important part in the function of the department.

Supervisor Evelyn Evans (left) answers a question for Lee Harp, the newest addition to Telephone Poole.

Aren't they a happy looking group? These are the new initiates into the Five Year Club. Front row: (left to right) Jean Gibson, Rubye Vile, Mary Bell, Sara Cox, and Lorraine Tovey. Back row (left to right) Henry Michael, Lydia Gregory, Thornton Lewis, "Old Man" Dave Mancini, Ira Gould, Louise Atkinson, and Art Lentz.

12 Initiated Into Five Year Club

A social hour, a delicious dinner, and the initiation of 12 employees into the Five Year Club highlighted the annual dinner April 19, in the Coffee Shop.

Also, on the evening's agenda was the election of new officers. Jack Baker, Cashiers Department Manager, was elected President, and Marilyn Davis, Telephone Poole, is the new Secretary. Mr. Baker was presented the traditional President's key by the out-going President Sara Slotterbeck, Personnel Manager.

Having reached the five year employment milestone, a dozen employees were initiated. The Class of 1960 in-

cluded Louise Atkinson, Subscribers Service; Mary Bell, Billing; Sara Cox, Surgical Claims; Jean Gibson, Records; Ira Gould, Miami; Lydia Gregory, Records; Art Lentz, Tallahassee; Thornton Lewis, Miami; Dave Mancini, Public Relations Manager; Henry Michael, Tampa; Lorraine Tovey, IBM; and Rubye Vile, Records.

The beautifully arranged blue and white flowers on the tables and the tantalizing menu were arranged for by Mrs. Slotterbeck, with the assistance of Mrs. Althea Parker.

Seated at the head table were (left to right) Jesse Zim, first President of Five Year Club; Evelyn Evans, Secretary for 1958; Executive Director H.A. Schroder, second President of Five Year Club; Sara Slotterbeck, 1959 President; Assistant Director J. W. Herbert, third President of Five Year Club; Enrollment Director Thomas Stallworth, fourth President of Five Year Club; and Cecil Rivers, Secretary for 1959.

Newly elected officers for the Five Year Club are Marilyn Davis, Telephone Poole, Secretary, and Jack Baker, Cashiers, President. Mr. Baker was presented the President's Key at the Five Year Club Dinner.

The entire group enjoying a delicious dinner!

This Young Man Has a Hit on His Hands!

Dave Meadows

There's a song sky-rocketing around the Jacksonville area called "Angel."

The composer and singer is the son of Virginia Meadows, Non-Group Department. Her 19 year-old son, Dave, is the young man that has Jacksonville's teen-agers screaming! Most of you will remember Dave, as he was a mail boy at BC-BS last summer.

After its release last month, "Angel" began to catch on. After just one week of being played by local disc jockeys, radio station WPDQ had it rated on its

"Top 60" Listings. The following week, Dave's song zoomed all the way up to head the "Top 60" List.

The other side of Dave's hit, "I Don't See Stars In Your Eyes," was written by a friend of his, Ken Hodges, also a Jacksonville boy. With Dave's baritone voice, he does this song equally well.

After graduation from Lee High School in 1959, he attended Jacksonville University for a semester. Presently, he is employed by the American Telephone and Telegraph Company.

Dave has never had any professional training, just the experience of singing in school choral groups and his church choir. He has hopes of writing and recording other songs. A few weeks ago he completed another song, entitled "Summer Love."

Those that know Dave are sure that his clean-cut appearance and talent for singing will carry him a long way in the recording media.

SPECIAL ADVERTISING CAMPAIGN SLATED FOR MAY AND JUNE

Helping the public to decide what type of health care protection is best for them is one of Blue Cross-Blue Shield's continuing efforts.

This regular promotional program gets a special shot in the arm in May and June when an intensive newspaper and television campaign is planned. The purpose is to bring the advantages of BC-BS's type protection over commercial-type coverage to the attention of Floridians. Never before in our promotional efforts have we concentrated

(Continued on Next Page)

(Continued from Previous Page)

so much promotion in a two month period.

Intensive Newspaper Campaign

Beginning May 8, 15 of the state's leading newspapers carried hard-hitting advertisements with such heavy impact headlines as "Check these big reasons why you'll get more for your money with Blue Cross-Blue Shield." There will be an advertisement in each of these newspapers each week, alternating between Sunday and Tuesday editions. It is figured that with a combined circulation of 1,273,577 for all these newspapers, we will be reaching 95% of all the families in the state with our message.

Television Added to Effort

In addition to the newspapers, the medium of television will be a further promotional effort. It is planned that we will purchase 10 second spot announcements for a saturation campaign on the strongest television stations around the state.

Free Booklet

The motivational tool in this campaign is the free booklet being offered entitled, "A Buyers Guide to Health Care Protection." Both the newspaper advertising and television will suggest that the reader or listener send for this free booklet to help him better understand the differences between BC-BS and commercial protection.

Should you wish additional copies of the booklet, please stop by the Public Relations Department.

KNOWING YOUR BOARD MEMBERS.....

There is a large group of people that serve Florida Blue Cross-Blue Shield not for monetary rewards, but for the satisfaction they get from knowing they are doing something worth-while for their community and state. These are the Blue Cross and Blue Shield Boards.

As for the Blue Cross Board, five doctors, 12 hospital administrators, six businessmen, and one attorney comprise this group.

Thirteen doctors, a circuit court judge, two attorneys, a bank president, and three businessmen unite to make up the Blue Shield Board.

Beginning with the Presidents of both Blue Cross and Blue Shield this month, we'll be bringing you brief biographical sketches of each board member, in order that you may know a little better those who make decisions and guide BC-BS toward better service to the community.

Blue Shield's President **Russell B. Carson, M.D.** (pictured at the right) has been with the Board since 1954. He has been President since 1955. Dr. Carson is a Tulane University graduate. Having been Secretary of the Florida Urological Society in 1948, he was well qualified as President of the Southeastern Section of the American Urological Association in 1953. From 1954 to 1956, he served the Florida Medical Association as a member of the Board of Governors. Dr. Carson makes his home in Ft. Lauderdale.

Dr. Carson

Mr. Miller

President of Blue Cross, **C. DeWitt Miller**, is an Orlando businessman. The one-time hotel owner (pictured at the left) was also manager of the Country Club of Orlando. For 50 years, his family owned and managed the Wyoming Hotel. From Georgia Tech in 1911, he went to help his mother with the business. Mr. Miller has quite a community service record in Orlando, and was one of the organizers and charter members of the Orlando Rotary. As for BC, he helped organize our Florida Plan, and has served on the Board for 16 years. Mr. Miller is a Past-President of the Florida Hospital Association.

LORENE FOWLER

PERSONALITY OF THE MONTH

Our Personality for this month is Lorene Fowler, who has been a member of the BC-BS family for four years in the Records Department.

Being widowed in 1956, Lorene and her three children really share each other's interests. Her eldest, Paul, who is 20, is an ordained Baptist Minister. He is presently a junior at Tennessee Temple College. After graduation in June, 1961, he has hopes of going on and becoming an evangelist.

Sixteen year old Gene is a 10th grader

at Lee High School. Like most boys his age, he's mostly interested in cars! Lorene says he spends many hours working on model cars and making sketches of his favorites. The only daughter is eight year old Sherry, who is in the third grade at Lackawanna. Her big interest is doing things with her Brownie Troop. One of the latest excursions was a visit to "Popeye Playhouse", a local TV cartoon show. She was presented a membership card, which she is very proud of!

With having to work, keep house, and

spend some time with the youngsters, Lorene has little time for personal hobbies. Since Paul is away at school most of the time, Lorene says she, Gene, and Sherry do many things together, like going to the zoo and to the beach for picnics. Their big dream is the hope of taking a long trip together this summer.

On Sundays, when she does have some time to herself, she is happy to share that time with her Sunday School Class at Trinity Baptist Church. She teaches the 4 and 5 year olds. She also has a Training Union for the 6 and 7 year olds. "I get so much enjoyment being with the young children," commented Our Personality.

With the love of three wonderful children, you can be sure Lorene will always have a Happy Mother's Day!

The four of them have their own home at _____.

Eight year old Sherry excitedly tells her mother about the wonderful time she and her Brownie Troop had, when they visited the "Popeye Playhouse" on TV. She is showing Lorene her membership card.

SPOTLIGHTING OUR WONDERFUL EMPLOYEE BENEFITS

Ten days sick leave a year with pay is an employee benefit that has proven a life saver for many through the years.

Whatsmore, if the sickness calls for the employee to be hospitalized, he has BC-BS protection, along with the wonderful new Extended Benefits Program. Remember, too, a single person is paid for in full by the company. As for the family person, all they have to do is pay the amount for the dependents.

In the case of Juanita Dougherty, Representatives Office, whom we see to the right, all of her expenses were paid for during her recent hospital stay except for a \$14.00 excess room fee. It was necessary for Juanita to miss several days work and use crutches for awhile until her chipped heel and ankle healed.

This is Juanita Dougherty recuperating from her chipped heel and fractured ankle.

Kitchen Capers

FROM THE OFFICE TO THE HOME

The girls in Joanne Verlanic's department say that Joanne shouldn't be sharing recipes for "Kitchen Capers", but her husband, Bob should! They agree he's a terrific cook, so does Joanne.

As Food Service Manager at the Navy Exchange, Joanne says Bob gets first-hand experience at knowing how to prepare delicious dishes. His specialty is cooking outside. Bar-be-que and steak are their favorites. Joanne also says he's quite the salad dressing maker!

As for her two recipes this month, she's chosen two delicious fruit salad recipes that are as good as they are simple to prepare.

Joanne and Bob have two daughters, Janet, 12, and LuAnne, 2. She has been associated with BC-BS for almost six years. She has been in the Cashiers Department for two years. Prior to that, Joanne had been at BC-BS three and a half years before leaving to await the arrival of "Mr. Stork."

Winner: Dot Blanton

Dot Blanton, Group Correspondence, has been declared winner of the "Caption Contest" by the judges from Newman, Lynde, and Associates Advertising Agency.

Her winning entry was: "So, my eyes are upside down. You can't have everything!" Dot's prize is a family portrait.

Some of the other entries are scattered about the page.

Left to right, the bridesmaids included Judy Savola, Surgical Claims; Linda Strickland, Hospital Claims; Karen, Judy Abernathy, formerly with Surgical Claims; and Dee Ellis, Hospital Claims.

Karen Ann Enger was married to Joseph Edwin Beasley in the Riverside Presbyterian Church. Albert Kissling, pastor, officiated.

Four of Karen's attendants were Blue Cross-Blue Shield employees. Linda Strickland, Hospital Claims, was Matron-of-Honor; Judy Abernathy, Surgical Claims, was Maid-of-Honor; and Judy Savola, Surgical Claims, and Dee Ellis, Hospital Claims, were bridesmaids. The two honor attendants wore matching ballerina-length gowns of Nile green lace over taffeta with matching veil-trimmed crowns. Judy and Dee wore similar dresses in pink.

The bride's gown was of white Chantilly lace and silk organza. Her finger-tip veil was of illusion. Karen carried a white Bible topped with a white orchid and stephanotis.

Two Celebrate Fifth Anniversaries

John Williamson, "Big John" to everyone at Florida BC-BS, reached the five year mark of employment May 13.

"Big John" is a friendly guy with an avid interest in things that happen around BC-BS. As Vice President of the Employees' Club, he plays a big part in the planning of social functions.

This Chicago-born Print Shop employee has a variety of outside activities! As a member of the Naval Air Reserve and an assistant Boy Scout Master at his church, "Big John" does his part for the community. Coin collecting, fishing, and bowling are other interests of his.

"Big John" Williamson

Fritz Longley, Orlando Office, is another Chicago boy who is celebrating his fifth year with BC-BS! His anniversary date is May 16.

Before settling in Orlando with his wife, Marguerite, and their four children Diana, 14; Jack, 10, and twins Jim and Jane, 3, Fritz had done quite a bit of traveling. Before leaving Chicago in 1941 to join the service, he had attended DePauw University in Greencastle, Indiana, for two years. While in the service, stationed at Miami, he met his wife. After the war, they settled in Louisville, Kentucky, but only for a short while, before making the move to Orlando.

Fishing and golf are his hobbies, but Fritz's chief activity and civic project is an avid interest in Florida AAU and Junior Olympic swimming.

The main reason seems to be that the happy couples co-operate in aims and efforts under conditions of moderate prosperity. The unhappy ones tend to extremes of temperament, prosperity, or loneliness.

The temperamental world-famous violin virtuoso was tired of playing to human audiences and decided he was going to play for animals only. Going into the deepest African jungle he found a clearing, took out his violin and started to play. The animals came from near and far and sat spellbound as the artist played. Suddenly, a lion pounced into the clearing and ate the violinist. The other animals were furious.
